What should I
look for in a
Sponsor?

Sponsors have a
working knowledge
of the 12 Steps and
personal experience
dealing with life and
recovery. They are
willing to listen and
help another build a
firm foundation for
recovery. They know
the value of making
suggestions rather
than giving advice.

Why do I need A Sponsor?

*We strongly believe that our
higher power is*

Jesus Christ

Sponsors, Who needs Them?

Q

When should I call my Sponsor?

A

When you need to talk, when you feel unsure of a decision you are making, *or, when you don't*, when you have a question about your recovery, when your recovery is threatened, when something triggers unpleasant feelings or memories,

AND

especially when you have experienced a victory in your recovery.

Q

Why do I need a Sponsor?

A

We find that we can do together, what we could not do alone...

Overcomers is based on the therapeutic value of individuals with common problems sharing their Experience, Strength and Hope with one another. We pledge that **you never have to be alone again**. Many of us have found that the difficult moments of our lives do not happen during the hours when Overcomers meet. We find the moments that threaten our recovery happen at random times and become *overwhelming* to us during the hours when we are isolated from others-- usually at night when others are sleeping. A sponsor is available to offer a listening ear and share experience for getting through the rough moments so recovery can continue.

Q

How do I choose a Sponsor?

A

We suggest a sponsor be someone who has worked all 12 steps *with* a sponsor and who has at least 6 months *living* the program.

Overcomers has a Leadership Team willing to assist you in making this important decision:

Uncle Bill~ xxx-xxx-xxxx
Che' ~ xxx-xxx-xxxx
John L. ~ xxx-xxx-xxxx
